¹ **Discounted Introductory Fixed Rate of 5.30%, 5.50%, 5.60%, and 5.65% Annual Percentage Rate (APR) available as you may select for two, three, four or five years, respectively, for approved applications. APR is current as of 5/22/2026, and may change.** After the initial fixed rate period, rates are variable and the APR is subject to change monthly based on the Prime Rate published in the Wall Street Journal, plus a margin; margin is based on your credit history and bank relationship. Discounted rate and margin is 0.50% higher for home equity lines of credit with maximum total loan-to-value of 90% and a qualified Central Pacific Bank first mortgage loan. Minimum APR after the fixed rate period will be 4.50%. Maximum APR is 18.00%. Discounted Fixed Rates require minimum monthly payment automatically debited from a Central Pacific Bank personal Exceptional Checking account. There is a \$50 annual fee. A Central Pacific Bank Home Equity Line of Credit account holder with an account opening date after January 17, 2011 (including both existing accounts and accounts closed within six months after the Bank received a new Home Equity Line of Credit application) that has already received a promotional rate is not eligible for this offer.
