BORROWER AUTHORIZATION AND AGREEMENT

Borrower certifies that Borrower has been financially adversely impacted by COVID-19, that if Borrower is a business, there have been no other material adverse events impacting Borrower's business and no changes in ownership or control of Borrower's business, and that the information provided herein is true and correct. Borrower understands and agrees that once submitted to and approved by Central Pacific Bank ("CPB"), this application/agreement will constitute a fully legal, binding, and enforceable modification of Borrower's Loan, and that all other terms and conditions of Borrower's Loan are otherwise unchanged and remain in full force and effect. Borrower represents and warrants that the signature (or other evidence of approval) of any one borrower is fully binding on all Borrowers on the Loan. This modification will, if approved by CPB, modify Borrower's Loan as follows: (a) Borrower's monthly payments will be deferred by the number of months indicated above; (b) the maturity date of Borrower's loan will be extended by the number of months deferred; (c) interest will continue to accrue on the Loan's outstanding principal balance during the payment deferred period and will be due with the first monthly payment when Borrower's monthly payment resumes. Borrower must pay any outstanding interest due on a line of credit at time of application.
